# Agenda

- Florida Water and Climate Alliance Project Updates
- Featured Presenters:
  - **Dragan Savic**, Professor, University of Exeter
  - **Justin Gregory**, Innovation & Technology Leader & Vice President, Jones Edmunds
  - **Varun Srinivasan**, Head of AI, Trinnex
  - **Alaa Ali**, Chief Engineer & **Akintunde Owosina** Chief Information Officer, SFWMD
- Announcements, Wrap-up

# Logistics

- Webinar is being recorded.
- Will post recording and slides on website: [www.floridawca.org](http://www.floridawca.org)
- Can be helpful to use “speaker view” (top right corner)
- How to ask a question during Q&A:
  - Use the chat to submit your questions, they will get read during Q&A.
  - Use the Raise Hand feature, wait to be called on to unmute and ask your question.

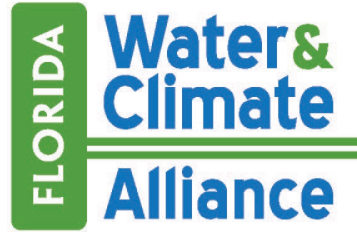

# Professional Development Hours

- Can receive Professional Development Hours for PE license.
- **No partial credit.**
  - **2 hour for participating in entire webinar.**
- You were asked during registration if you want credits, or send your name and PE license number to Darlene Velez: [saindodd@ufl.edu](mailto:saindodd@ufl.edu)
- Certificates will be emailed to you 2-3 weeks after webinar

A stakeholder-scientist partnership committed to the co-development of **locally relevant** and **actionable** climate science to support informed decision-making in water resource management, planning and supply operations in Florida

# What is your professional affiliation:

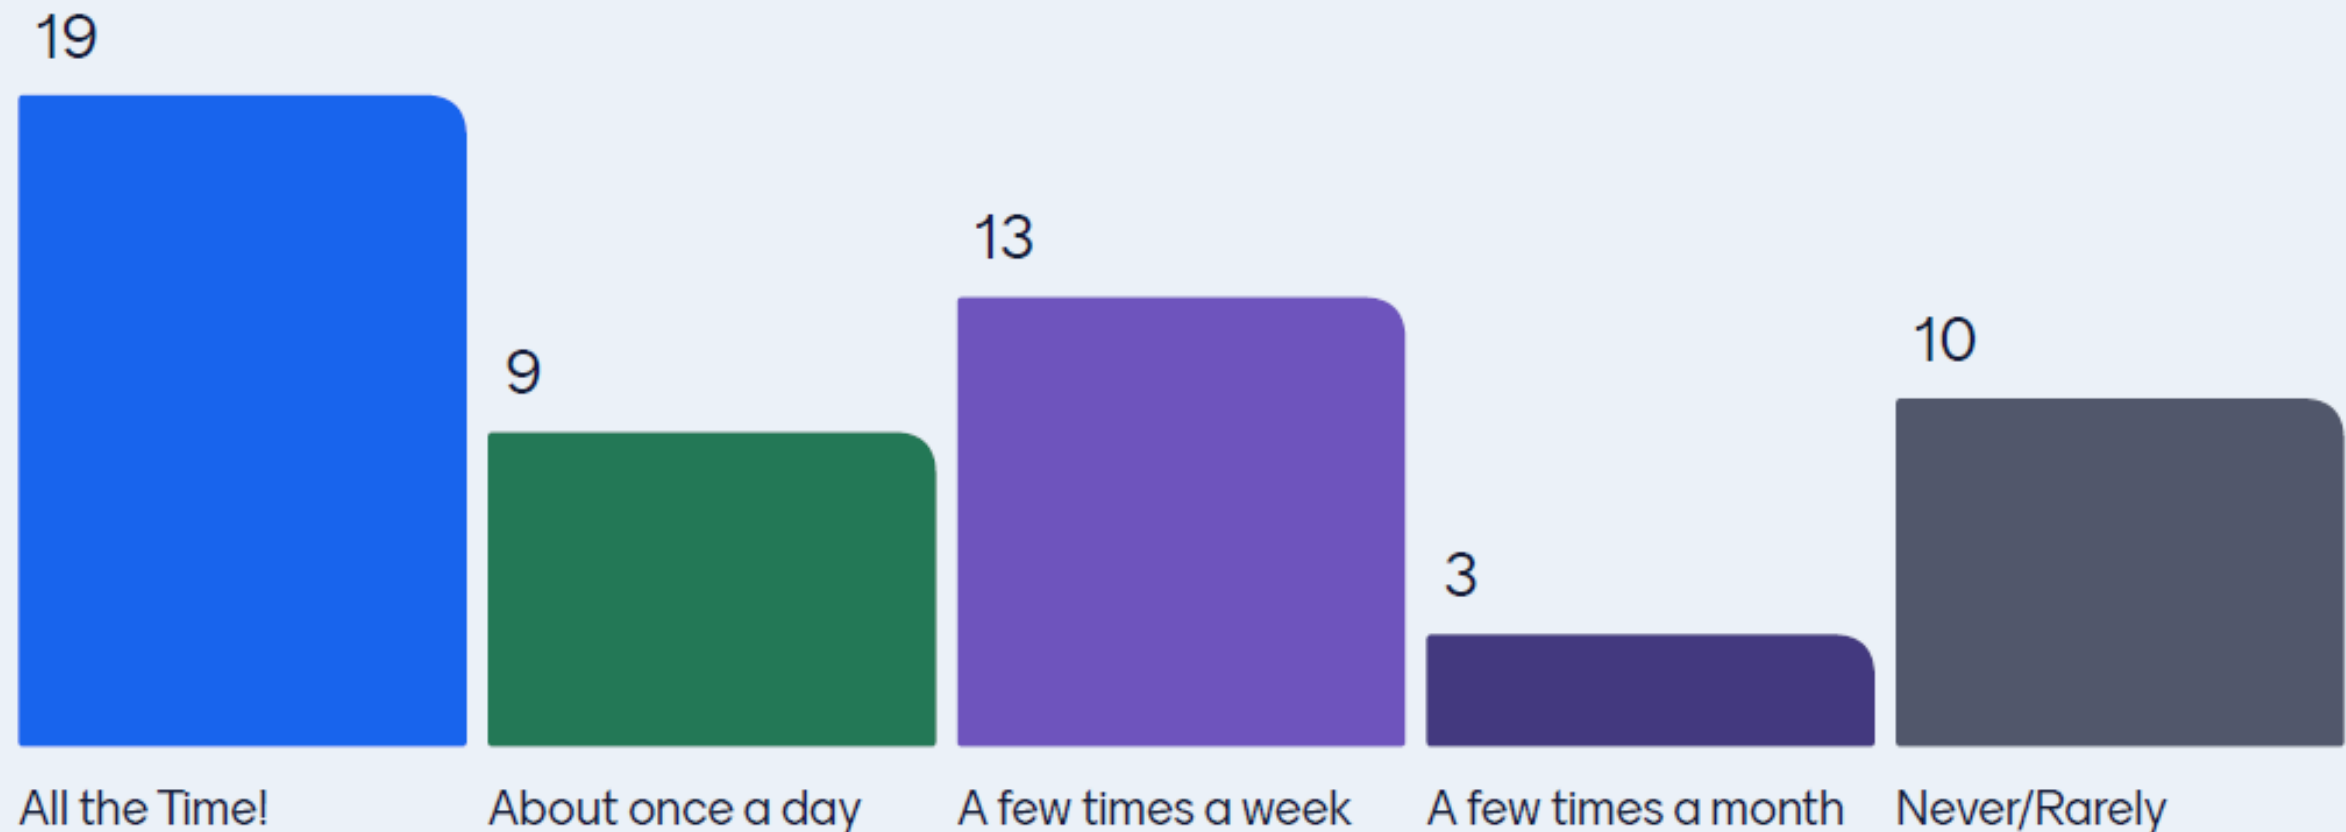

Have you previously participated in a FloridaWCA workshop or webinar?

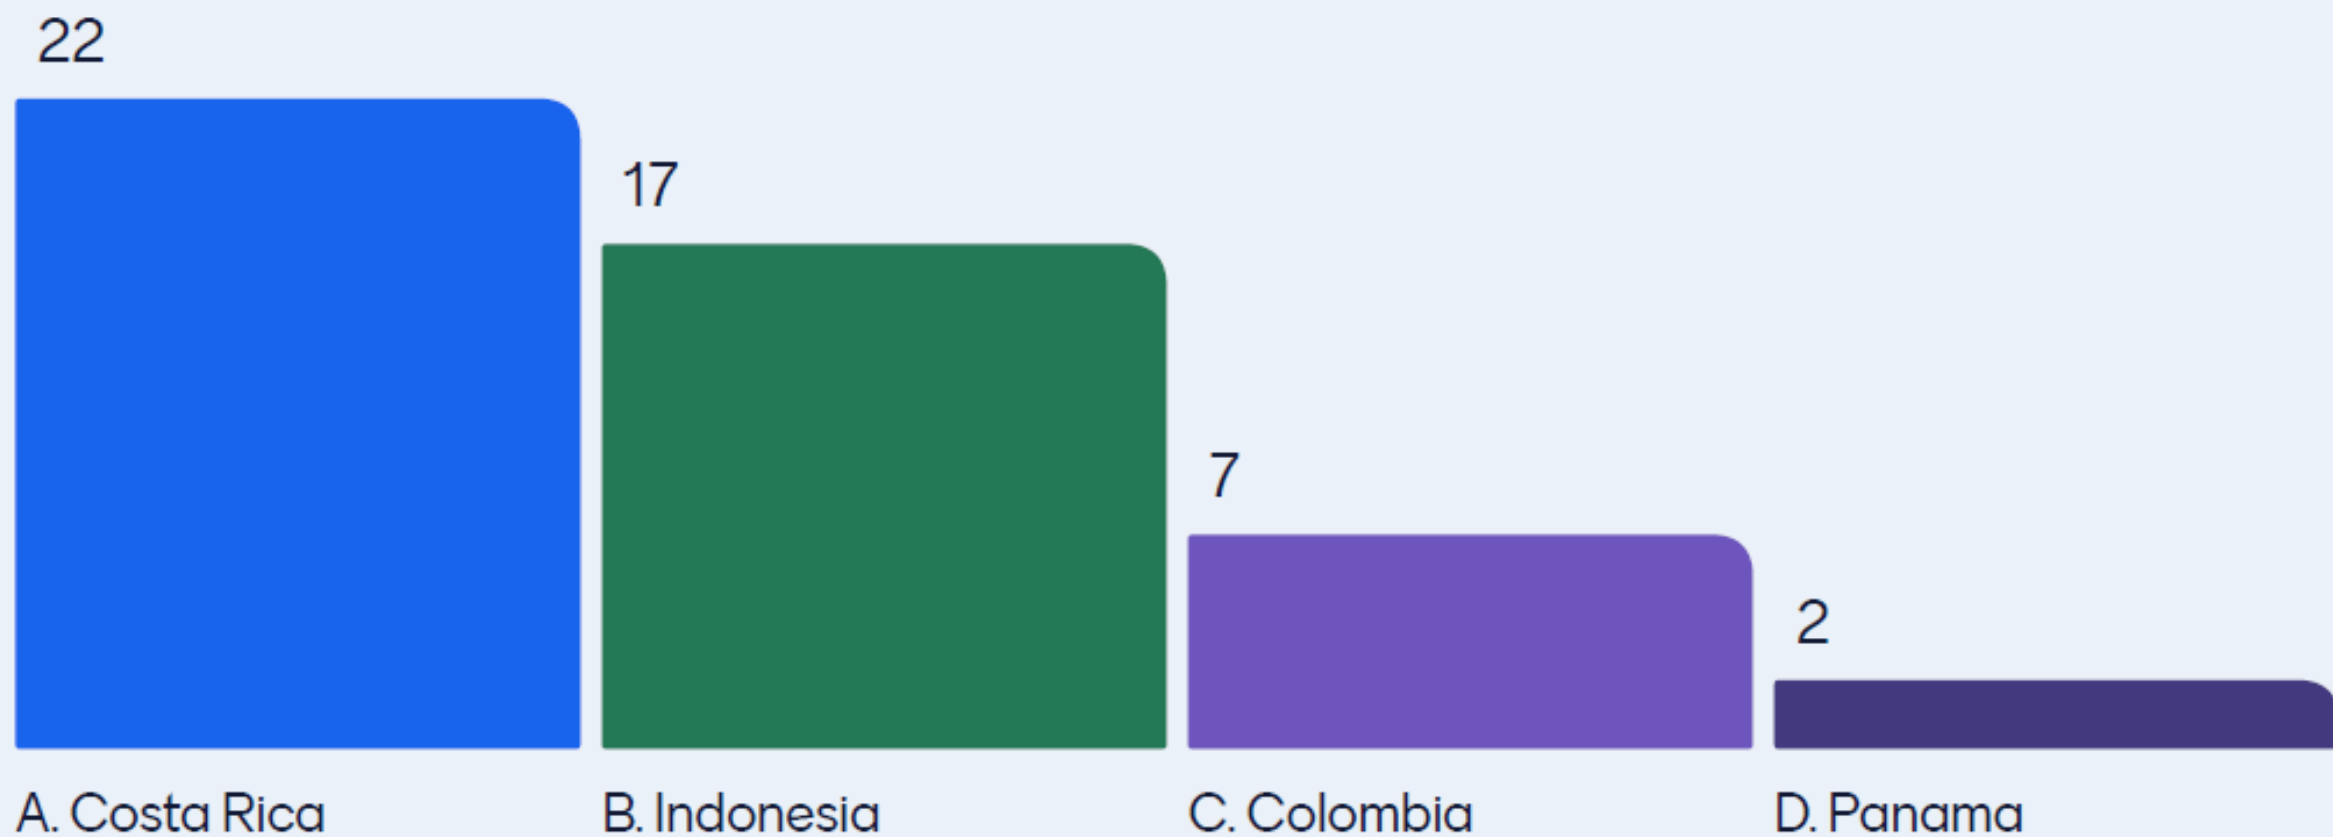

Where are you located?

How often do you use AI or advanced technology tools in your work?

Among countries that compete in the FIFA World Cup, which one is considered the wettest based on average annual rainfall?

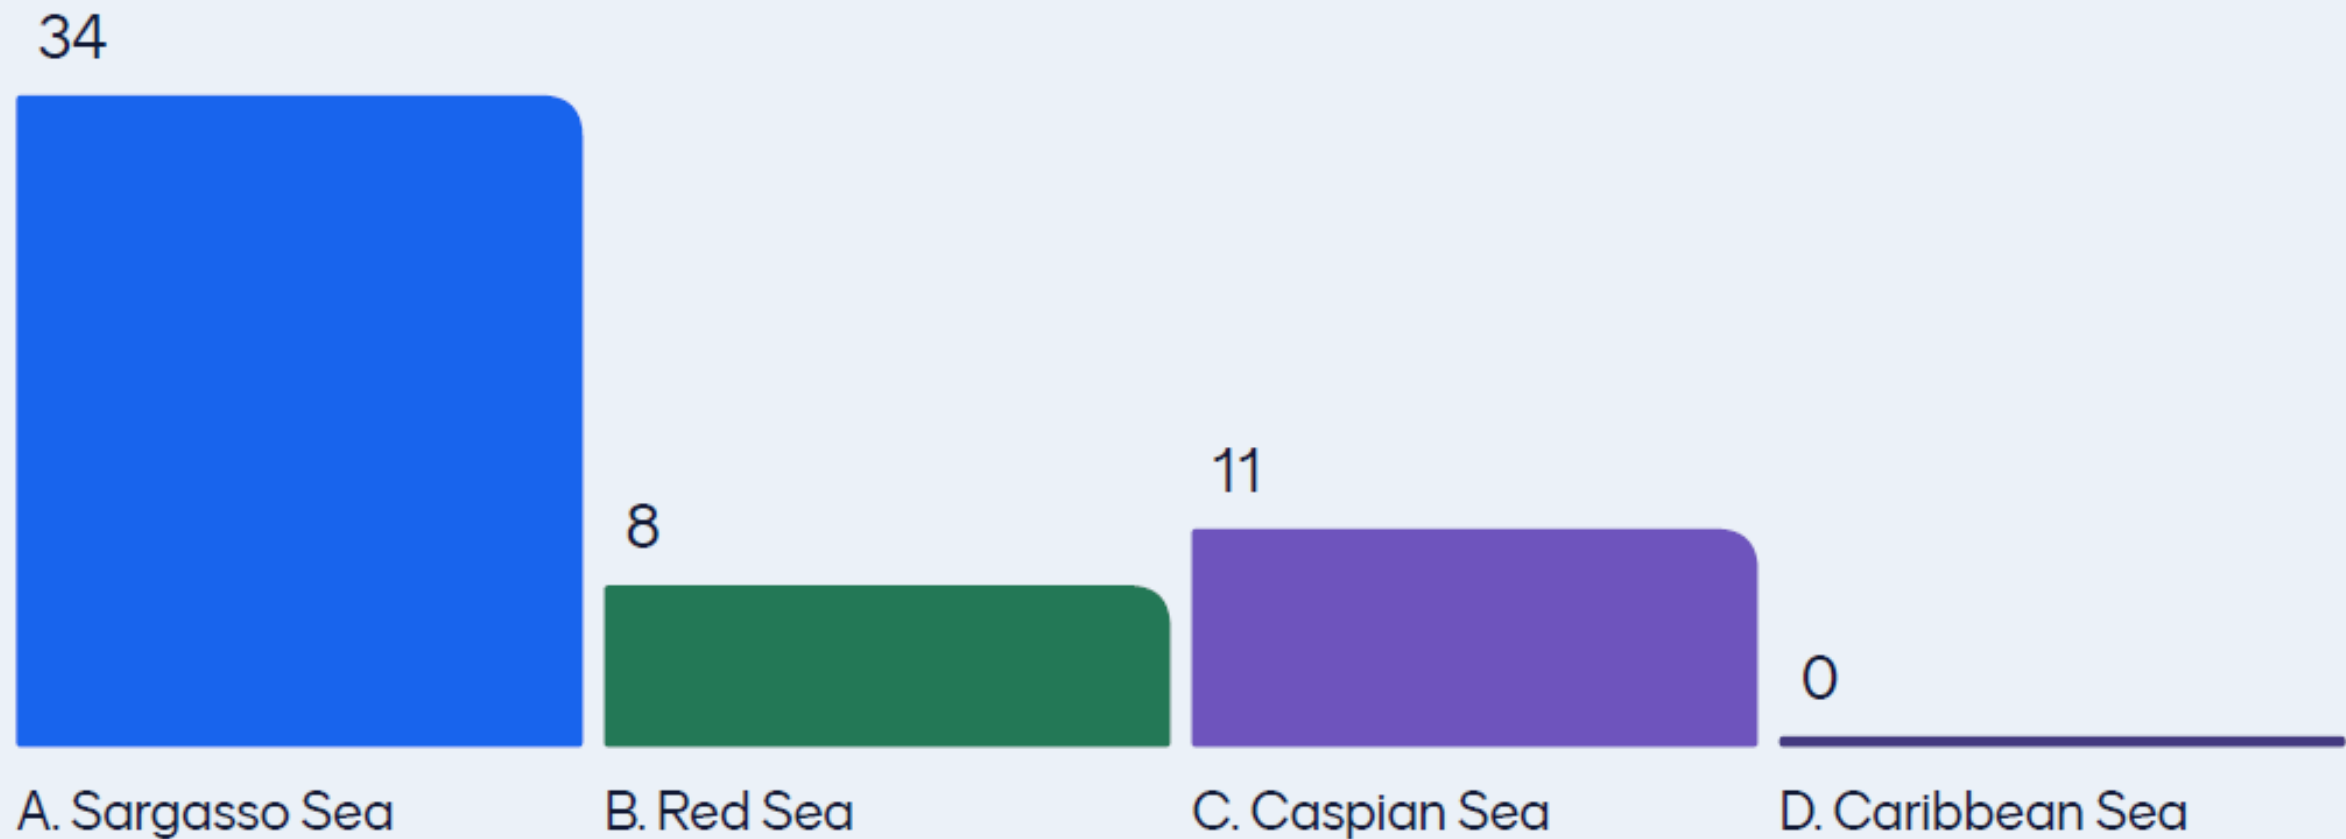

# Correct Answer: C. Colombia

Colombia is widely ranked as the *wettest country on Earth*, averaging about **3,240 mm (127 inches) of rain per year** thanks to its tropical location and the Andes Mountains trapping moisture.

What is the only sea in the world with no coastline?

## Correct Answer: A. Sargasso Sea

The Sargasso Sea is located in the Atlantic Ocean and is **defined by ocean currents rather than land boundaries**. It is known for its floating mats of sargassum seaweed.

# Thank you!

Time for some FloridaWCA project updates!
